

FRIDAYS ON FOOT: CAPITOL HILL

ENGL 108 / SEC. H & I / SUMMER LEAP 2009 / OLDHAM & RUBASKY / CHANG & LEE

This week's Fridays on Foot is to Seattle's **Capitol Hill** area, a neighborhood south of the University District and east of Downtown. While you are touring and exploring Capitol Hill, you will complete in teams a **photo scavenger hunt**. As a team of at least three up to five, explore the neighborhood, keeping an eye out for interesting and noteworthy things. **Consult the included map**, which details 1 through 31 locations, each worth 1 to 7 points. As a team, **walk to a location**, find what you need to find, **take a picture of a teammate at the location**, and **answer any questions** required for that location. Though you will work together to find the answers, each team member will fill out their own sheets with their own reactions. **Complete as many as you can by lunch time. Some locations are required**; if you are missing a required location, the hunt is considered incomplete and no points will be awarded. The team with the highest score will win a prize!
