

PT Student Intern Opportunities at Apple Physical Therapy

*What You Can Expect at **Apple Physical Therapy***

Treat a diversity of patients in a broad-based, outpatient orthopedic rehabilitation private practice. Over 2,600 physicians referred patients to **Apple** in 2005.

You'll hone your skills by providing quality care in our one-on-one treatment environment. Patients are scheduled one at a time, all the time.

We offer a stipend of \$125 per week for any affiliation of longer than two weeks. Limited housing is available for students.

We conduct regular study groups, sponsor courses for **Apple** employees only, and have a 52 CEU internal core curriculum created and taught by our senior therapists. You are invited to attend these courses free of charge while you are a student with us!

We have 22 clinic locations and over 25 clinical instructors on our staff. It's a fun, supportive learning environment!

***Apple** Is a Great Place for Students!*

"I did an affiliation with Apple Physical Therapy in Tumwater. Apple was a great place for me as a student. Not only did I receive support and encouragement, but I was able to learn about women's health, one of the company's specialty programs."

-Andi Love, PT, University of Montana '03
