All tech equipt costing over S 1K requires USDA prior approval. | No prior approval is required. Use of U.S. Flag Air Carriers is required            |

Particular award terms and conditions may supersede these provisions. Prior approval of the funding agency is required for change in the scope of objective of the project, and for the absence of more than 3 months of the P1 or for more than a 25% reduction in time devoted to the project by the P1.

Subcontracts or subgrants normally require prior approval of the funding agency unless described in the application and funded in the approved award.
