

**EMERGENCY MEDICINE DIVISION
DEPARTMENT OF MEDICINE**

ELECTIVE CLERKSHIPS

MED 661 P-Emergency Medicine Elective (8)

| | |
|--------------------------------|---|
| Offered: | AWSp (Nov-April); 4 week rotation. |
| Prerequisite: | Surgery 665; Medicine 665, and OB-GYN 665 or equivalent. Fourth-year medical students. |
| Total Enrollment: | 2 |
| Faculty Contact: | Dr. Patrick Holland |
| Administrative Contact: | Jennifer Dunbar, Madigan; Katrina Jordan, Harborview |
| Clerkship Sites: | Madigan Army Medical Center in Tacoma, WA. |

ROTATION GOALS:

1. Enhance medical knowledge in multiple specialty areas.
2. Understand the role of the Emergency Physician in the initial evaluation and treatment of acutely ill and injured patients.
3. Develop the ability to generate a critical differential diagnosis in patients with common urgent complaints.

ROTATION OBJECTIVES

1. Supervised, daily evaluation, and management of pediatric, obstetrical, psychiatric, medical, and surgical patients. Encouragement to develop comprehensive primary care skills regardless of planned specialty. Bedside and case-study teaching by Emergency Medicine faculty and senior residents.
2. Supervised participation in medical, surgical, and pediatric resuscitation. Recognition of critical data elements needed to determine optimal disposition of acutely ill and injured patients.
3. Through bedside and didactic teaching, develop the ability to describe potential life threatening problems and their evaluation in patients with common urgent complaints.

SCHEDULE:

Medical students will be scheduled for no less than 15 shifts while on a rotation. Revolving shift work, day, evening, and nights will be experienced. Shifts are 9 hours long, averaging 5 shifts per week.

EVALUATION:

Student/Intern shift evaluations are completed by EM3s and Attendings using an online evaluation service. You will receive evals via the internet which you will electronically sign.
