Regarding: S.P.T. Clinical Affiliations

Dear Ms. Robinson;

I enjoyed our conversation earlier today and, as I anticipated, the remaining Clinic Directors are excited to hear that we will be able to participate in your excellent program for Physical Therapy education. To reiterate what I had mentioned previously, I am the Director of Eastside Physical Therapy, an RET Group Clinic located in Redmond Washington. I am one of thirteen clinics from Smokey Point to Puyallup, including one clinic in Palm Desert, CA. We have recent UW graduates in some of our clinics and have been impressed with their preparedness, abilities, and interpersonal skills.

The RET Group Clinics are located as follows:

| | |
|--|---|
| Aquatic Physical Therapy – Mercer Island, WA | Palm Desert Physical Therapy –Palm Desert, CA |
| Bellevue Physical Therapy – Bellevue, WA | Reaction Physical Therapy – Lake Stevens, WA |
| Eastside Physical Therapy – Redmond, WA | Reaction Physical Therapy –Arlington, WA |
| Lake Sammamish Physical Therapy – Issaquah, WA | South Hill Physical Therapy –Puyallup, WA |
| Mercer Island Physical Therapy – Mercer Island, WA | Summit Physical Therapy –Puyallup, WA |
| Meridian Physical Therapy – Puyallup, WA | Totem Lake Physical Therapy –Totem Lake, WA |
| North Bend Physical Therapy –North Bend, WA | |

We are excited about the opportunity to be involved with your program. We have much to offer the students in their educational experience including aquatic therapy, orthotics/splinting, women's health, and hand therapy. Our clinics range in size with a practicing director and staff of P.T.s, P.T.A.s, L.M.P.s, A.T.s, aides and front office manager. All our clinic directors would agree we maintain a manual therapy focus with a good balance of rehabilitation exercise and education.

We are a close knit group, each practicing to our individual strengths. All clinics practice with a high ethical and moral standard, benefiting the patient in receiving quality, personal and effective care.

As requested here is the information on our contact to initiate, what I expect to be, a lasting and rewarding relationship.

Jeff Carlson, M.S.,P.T.

Phone: 425-454-1405

Should you have further questions or concerns, please do not hesitate to contact Jeff or myself at any time. Thank you and we look forward to meeting your students.

Best Regards,

Mary Frady-Prince, M.S.P.T.
